Manager’s Report **02/12/21**

Expense Report: Year-to-date, 4 months into the fiscal year shows the General Fund at 68.87 %, which is currently .87% above the average. The Enterprise Fund is 4.92 % above the average. Great Job Team!

Draft Audit Report for year ending 9/30/20: I reviewed the draft audit report. This is the best audit report we have had operating with a surplus instead of a negative. There were no audit findings this year. This is due to some changes we made, and the work has paid off. Great Job Vicky and the rest of the team!

Pyatt & Main Street Parks: We met with Kelly Woods with TOP LINE RECREATION. They are the same company that did Centanino Park. Top Line has the State bid that we will piggyback off of. They will be providing a layout and cost for the playground at Pyatt Park. They will also do a cost analysis for Main Street Park that will include the pavilion.

Manager’s Meeting was held this week. We discussed the Draft Audit and the great report and work that went into it. We discussed the Main Street and Pyatt Park progress. We are still down two positions. One with public works that will be readvertised and one police officer position. The Chief has a candidate. Wayne said the street light on Hwy 17 was put up this week. The pole came down during Hurricane Irma.
