

REQUEST FOR PROPOSALS

PYATT PARK POST TENSION CONCRETE BASKETBALL COURT

The City of Bowling Green, Florida is soliciting bids to furnish all labor, materials, equipment, management, administration, supervision, insurance coverage, and any other facilities and services necessary to successfully construct, start-up, and warrant the completed Project (Pyatt Park Basketball court construction Project).

INSTRUCTIONS TO SUBMITTING ORGANIZATIONS:

All bids must be in a sealed envelope, plainly marked on the outside with "**Pyatt Park Basketball Court Project**". Bids shall be submitted together with all supporting documentation enclosed.

I. INTRODUCTION

This Request for Proposal is intended to provide for the layout, design, and construction of new post tension concrete Basketball Court located at Pyatt Park, 408 West main St., Bowling Green, FL. (see attached map). The site work required to prepare the site where the proposed court is to be located. The work to be performed as part of this proposal is contained in the Scope of Work. The dimensions of the post tension concrete slab will be 70' X 100' and ADA accessible compliant concrete path to the court.

II. SCOPE OF WORK

The Facility will be built on City owned property located at Pyatt Park, 408 West main St., Bowling Green, FL. It is understood that the actual building area could be adjusted, based upon the recommendations of the contractor and with staff approval following the opening of proposals. In addition to the complete post tension concrete slab, the proposal shall include all other items listed below. Access to the site shall be allowed from the existing parking lot to the south. Temporary construction fencing may be required to protect the project and others who may use the park during the construction process. The contractor shall provide the work necessary to construct the post tension concrete Basketball Court completely, including the installation of basketball standards, and court painting. All work and materials necessary to meet the project requirements as outlined in the Technical Specifications Section shall be included in the submitted proposals. All damage to existing pavement and grounds is to be repaired at contractor's expense. Please see the following general summary of work:

POST TENSION CONCRETE BASKETBALL COURT SLAB 70' X 100':

- Laser grade 5" of base rock over existing court surface.
- Form and pour a 5" thick Post Tension concrete slab with 12" X 12" thickened edge.
- Apply a four (4) coat surface using two colors paint scheme (colors chosen by owner) then apply lines. Layout and paint basketball court lines.

- Furnish and install Pro Dunk Hoops Hercules Diamond Basketball standard, with a 72" X 42" X ½ clear backboard with 8" X 8" post with a 5' overhang.
- Create concrete sidewalk meeting all ADA requirements up to the new court, if necessary.
- Backfill and seed surrounding disturbed area.
- Restoration of any improvements damaged during construction.

III. OBJECTIVES AND TASKS:

1. Site layout - The successful contractor will need to visit the site prior to submitting a proposal and make observations and judgements related to construction. Any concerns or need for clarification should be brought up with the city prior to the proposal closing date.
2. Design - The design will be completed by the successful contractor after the project has been awarded, based upon any additional final parameters defined by the City. The successful contractor will meet with City staff to finalize design and layout. A preconstruction meeting will be needed prior to commencing work. At this meeting all coordination items between the Post Tension Concrete Slab Contractor and the City will need to be discussed.
3. Construction - The project will follow a detailed construction schedule. The Contractor will submit a recommended timeline for review by the city with the proposal. Compliance to the schedule is of the utmost importance to the city.
4. Final Acceptance - It is anticipated that the Contractor will have their work complete so that the Basketball Court is ready for use on or before April 30, 2022. Additional construction time may be given in consideration for bad weather days.

IV. QUALIFICATIONS OF RESPONDENTS

Respondents to this request shall be able to demonstrate ability to comply with the following minimum requirements:

- A. The contractor must be able to show performance of work and provide references on (3) three projects of similar size and scope during the past (5) five years (complete References Sheet).
- B. The identity of the certified builders and documentation of their credentials will be provided with the bid documents.
- C. The contractor must be able to demonstrate the capabilities and background of qualified personnel and firm profile.
- D. The contractor must be registered with the Florida Secretary of State and provide proof of such registration.
- E. The selected contractor must participate in E-Verify

Bids will be received at Bowling Green City Hall, ATTENTION: M. Carmen Silva, City Clerk, until 2:00 pm local time on **June 3, 2022**. Submittals may be either mailed or hand delivered prior to the above deadline. Postmarks will not be accepted. Bids will be publicly opened and read aloud. It is the responsibility of the bidder to assure that bids

are received at City Hall no later than the specified time and date. Submittals received after this date and time will not be accepted or considered.

The City reserves the right to waive any informalities or minor irregularities; reject any and all bids which are incomplete, conditional, obscure, or which contain additions not allowed for; accept or reject any bids in whole or in part with or without cause; and accept the bid which best serves the interests of the City. Pursuant to the requirements of Section 287, Florida Statutes, all qualifiers are subject to those provisions pertaining to Public Entity Crimes and the Convicted Vendor List.
